EDUCATION:

Ph.D., Chemistry, University of California.
Berkeley, CA, USA, Advisor: David. A. Shirley,
1976

*“Investigated electronic multiplet structure of
open shell, and satellite structure of close-shell
atoms using ultraviolet photoelectron
spectroscopy”*

B. S., Chemistry, Middle East Technical
University, Ankara, Turkey, 1970

PROFESSIONAL EXPERIENCE:

Professor of Chemistry , Bilkent University	1992 - present
Visiting Professor , University of Delaware, Newark	10/07-02/2008
Visiting Professor , University of Michigan, Chem. Dept., and BNL	2000 - 2001
Professor of Chemistry , Middle East Technical University	1978 - 1992
Visiting Professor , University of Virginia, Chem. Dept.	1985 - 1987
Postdoctoral Associate , Freiburg University, Germany, Phys. Dept.	1977 - 1978
Postdoctoral Associate , Sydney University, Australia, Chem. Dept.	1976 - 1977
